Training Services

LT Environmental (LTE) is an authorized trainer for PEC Basic SafeLand USA, SafeGulf, and the Terrorism Response Awareness Program (T.R.A.P.).

LTE is a full service environmental engineering company specializing in compliance, engineering, remediation, and safety service for many oil and gas operators and oil field service companies throughout the Rocky Mountain Region and Mid Continent.

Over 25 of the leading oil and gas operators including Anadarko, XTO, Encana, Shell, ExxonMobil, ChevronTexaco, and BP will soon require SafeLand USA as the minimal requirement for safety training for their contractors.

Benefits of the SafeLand USA orientation include:

- Cost savings due to less re-training of contractors – reciprocity between operating companies;
- A widely accepted minimum basic orientation standard for the US Onshore E&P industry;
- A template for site specific orientation;
- Photo ID cards and access to worker information by scanner, computer or telephone;
- Quality assurance through an audit program and oversight committee; and
- Tests administered through accredited trainers to verify knowledge retention.

LTE can now provide SafeLand USA training and testing services in Denver, Rifle, Durango, or at your facility taught by trainers with practical field experience.

Services Provided

Investigative Services
Remediation Services
Construction Management
Environmental Compliance
Program Management
Stormwater Management

PEC Basic-Safeland USA Orientation Course

Length: 8 hours classroom

Fee: \$185 plus \$12 testing fee (additional cost for travel)

Class limit: 25

Class Date: Call

The PEC Basic SafeLand USA Orientation safety awareness course was designed to take the place of multiple Operator orientations and to give each employee a general idea of life and safety issues in the oil and gas industry, upstream, downstream, and onshore. This one-time, one-day program meets (API RP 75 & API RP T-1), OSHA and MMS requirements and provides a basic understanding at an awareness level of certain general safety information that an employee should know before entering a company facility and while performing their assigned work duties. Upon successful completion of course, each employee is issued a PEC picture ID certification card with a unique barcode.

The PEC Basic SafeLand USA Training Course includes awareness training for::

- Alcohol and Substance Abuse Awareness
- Back Safety
- Confined Space Entrant / Attendant (OSHA 29 CFR 1910.146)
- Defensive Driving
- Electrical Safety
- Emergency Response
- Fall Protection (OSHA 29 CFR 1926.500)
- Fire Protection
- Forklift Safety (OSHA 29 CFR 1910.178)
- Hazardous Communications (OSHA 29 CFR 1910.1200)
- HAZMAT (HM 126)(DOT 49 CFR Part 171)
- Hazwoper (Oper.)(OSHA 29 CFR 1910.120 and API RP 75)
- Hearing Conservation (OSHA 29 CFR 1910.95)
- Hydrogen Sulfide (H₂S) (OSHA 29 CFR 1910.1000)
- Lockout/Tag out (OSHA 29 CFR 1910.147)
- Medical Records
- Personal Protective Equipment (PPE)
- Process Safety Management
- Respiration Protection (OSHA 29 CFR 1920.134)
- Rigging
- Terrorism Response Awareness Program (TRAP)
- Welding Safety

For more information or to schedule a SafeLand USA class please contact Pat Garland at 303.433.9788 or email pgarland@ltenv.com.
